STRATEGIC RECOMMENDATIONS & ROADMAP

IMMEDIATE ACTIONS (THIS WEEK)

- ! Audit the current lead-to-close pipeline to identify exactly where prospects are dropping off in the sales cycle.
- ! Document the top 5 recurring manual tasks currently handled by the CEO for immediate delegation.

30-DAY ROADMAP

- ! Fully implement and integrate the CRM to automate lead tracking and follow-up reminders, eliminating manual management.
- ! Develop a 'Unique Value Proposition' (UVP) framework to differentiate services from generic IT competitors.

90-DAY ROADMAP

- ! Implement a structured sales playbook with standardized scripts and qualifying questions to increase conversion consistency.
- ! Establish Key Performance Indicators (KPIs) for the 6-20 member team to shift accountability from the CEO to department leads.

12-MONTH SCALING PLAN

- ! Scale the customer acquisition budget based on the new optimized conversion rate and revenue target.
- ! Transition the organizational structure to a functional hierarchy, reducing founder dependency to <20% of daily operations.
- ! Diversify lead sources beyond Google Ads/SEO to include strategic B2B partnerships and high-ticket outbound prospecting.

STRATEGIC CONCLUSION

CONSULTING PERSPECTIVE

The business is fundamentally sound but operationally stunted. By shifting from manual oversight to systemic management and refining the sales conversion engine, Sharma Enterprises can realistically double its revenue within 12 months.
